

GET INVOLVED!

Create a skilled, motivated and diverse talent pipeline that reaffirms your organization's commitment to future leaders.

Increase interest in your industry by inspiring the future workplace.

Lower recruitment and training costs by developing future employees local to the company.

Inform fifth through postsecondary education to ensure Delaware graduates are meeting the needs of industry.

Industry Councils are groups of professionals and employers that partner with schools to build the state's future workforce. Share your perspectives to inform school curriculum, tools, support, and professional development.

Get involved through six statewide industry councils in areas including:

Engineering and Manufacturing

Banking and Finance **Construction Trades** **Health Care**

Information Technology **Hospitality**
