

DELAWARE SOCIAL EMOTIONAL LEARNING (SEL) COLLABORATIVE – SUMMER CONVENING

Delaware has joined the Collaborative for Academic, Social and Emotional Learning's (CASEL's) Collaborating States Initiative – a national community of practice for learning and sharing.

Through participation, the First State will extend the continuum of SEL indicators and create a framework of social and emotional learning (SEL) competencies and resources to help Delaware intentionally create conditions that foster SEL.

Interested in this work? Join us in our first Delaware SEL Collaborative Summer Institute where we will:

- Review the purpose of the Collaborative & the work accomplished to date
- Introduce partners engaged in the work
- Dive into model frameworks from across the nation
- Draft proposed options for Delaware implementation
